## About Us - Vital Mobility Home Health Care

At **Vital Mobility Home Health Care** we are in the business of helping people. Our family-owned and run business has been serving the [Greater Toronto Area](#) for 12 years.

At the heart of our second-to-none dedication to customer service excellence is our true belief that mobility and home health care products become an extension of your life. They exist to facilitate the everyday living of users, their families, and caregivers alike.

That is why Vital Mobility's goal is to make your purchase or rental experience as headache-free as possible. Our expert mobility team takes the guesswork out of this process by empowering patients, clients, and health professionals with personalized information and a range of options to suit every budget.

At Vital Mobility, we work closely with North America's largest manufacturers of health products to guarantee everyday low prices and pass on those savings to you.

We stand behind our quality products. Our purchasing team only selects brands that we would feel great using with our own family members.

Give us a call or visit one of our Toronto area stores today to learn why Vital Mobility is your best partner in your mobility and home health journey.
